

BeeKind®

Feel good. Do good.

# About BeeKind®

To create a meaningful bath and body care lifestyle brand with a vibrant, vivid style and a strong sense of eco-awareness, we looked no further than the bee.

Bees are bold, productive, and exciting with a powerful community spirit. Honey bees, bumble bees, wild bees – they remind us not only to stay focused, but to share the delights of life with others around us. BeeKind® started as a brand, but has become a driving philosophy.

To thank Honey bees for their happy vibe and hard work, it was only right to donate a portion of BeeKind® profits to support the busy bees vitally important cross-pollination achievements.

Feel good, do good.
