

KORRES

## FROM HOMEOPATHIC REMEDIES TO NATURAL PRODUCTS

KORRES is a Greek skincare brand, born out of Athens' oldest homeopathic pharmacy in 1996. Founded by Greek Pharmacist George Korres that believes in the innate potency of natural ingredients and chemical engineer Lena Korres that believes that nature is the inspiration for scientific discovery.

Today KORRES takes Greek herbs around the world through more than 400 natural products, with brand presence in 30 markets. It's all about clean, effective plant-powered formulas that capture the beauty of Greece in harmony with nature.

## GREECE

“Our heritage is bare hands, light & shadow, family as a value, a generous land, genuine souls, deep roots, the driving forces of love and nostalgia.

We are inspired by calm, wide seas, ancient gods, high mountains, pure raw materials, the eternal art, the blue and the white, the simplicity of essential life, the harmony of natural beauty.”

## NATURE

Our own agricultural team has mapped Greek flora for 25 years. Our drive is to work in harmony with nature. We believe we must conserve our precious natural resources. So, we teach sustainable farming practices and invest in the farmers who hand-pick and harvest with care.

“We choose to support an ecosystem of local communities, partnering directly with 40+ traditional organic farmer cooperatives across to harvest our plant ingredients. It is important to us to invest in sustainable farming practices, in underdeveloped rural regions.”

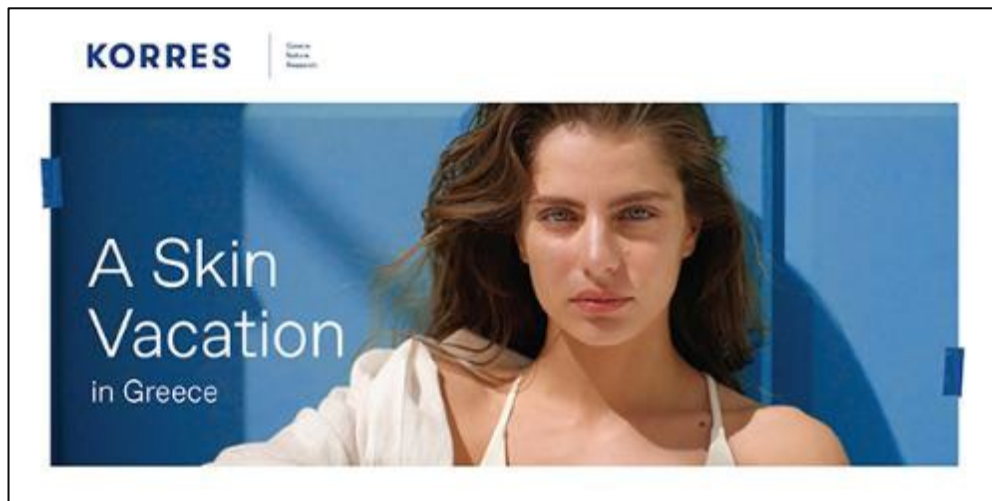

## RESEARCH

It starts with primary research of natural active ingredients. They normally come from plants with extraordinary powers to survive, adapt and fortify themselves, like the Black Pine.

Then comes biological research to deeply understand those ingredients and how they work at the cellular level to enhance and transform our skin. Then it goes into the lab where our all-women expert R&D team formulates the most efficacious natural products globally!

And finally, it goes to our consumers. To enjoy the best of nature and science. To experience extraordinary results.

## OUR GLOBAL PRESENCE

## BASIL LEMON FRAGRANCE

Experience a refreshing botanical fragrance with fresh garden picked basil infused with delicate traces of vibrant lemon.

## FORMULATION

The KORRES hotelier collection uses naturally derived ingredients known for their beneficial attributes. The haircare products include provitamin B5 and aloe extract to help balance hair strands, improve strength and shine for healthy and soft hair.

The shower gel utilises aloe and glycerine known to help draw moisture into the skin for long lasting hydration and a comforted clean each day. The lotion utilises vitamin C known for its antioxidant and brightening properties combined with natural humectants, almond and sunflower oil to support the skin's natural moisture barrier and perfectly end the shower experience with soft and supple skin.

KORRES hotelier collection is formulated without:  
DEA, TEA, Petrolatum, Propylene, glycol, Parabens, Phthalates, Mineral Oil, Urea, Silicones and Animal derived ingredients, suitable for vegans.

## NEW GREEK CULTURE HOTELIER COLLECTION

The hotel amenities range is being extended with the arrival of the NEW GREEK CULTURE line.

Art and Greek tradition are perfectly combined to create the new white 300ml KORRES Mini Bracket Dispenser bottles, using earthy tones as differentiating details. Our hotel products carry the signature of a Greek brand that remains true to values and beliefs since the creation in 1996.
